

THE ANZISHA PRIZE

Celebrating innovative young African entrepreneurs
Presented by African Leadership Academy and Mastercard Foundation

27 June 2025

To Gabriel Kombassere

I am writing to extend my deepest gratitude for the exceptional guidance and support you have provided our Anzisha Fellows during their Induction to the Anzisha Fellowship in June 2025. Your expertise and insights have been instrumental in helping them as they navigate the complexities of running businesses in the African landscape.

As you may be aware, the Anzisha Prize Fellowship, is one of the most recognized Fellowships in Africa that identifies, accelerates and celebrates young entrepreneurs (aged 15 – 22 years old). The Anzisha Prize's first decade proved our founding thesis: that deliberate and deep investment in high potential young entrepreneurs can unleash transformational change on the continent. As a program, we rely heavily on the advice and counsel of subject matter experts like you to maintain quality interventions that educate younger entrepreneurs and help them to build job generative businesses.

Your dedication to their growth and success has not gone unnoticed. The strategies and tools you have shared have not only improved their business acumen but also boosted their confidence in making critical decisions. I particularly appreciate the time and effort taken to meet with different Fellows virtually, that had a significant impact on their progress.

Thank you for being a source of inspiration and for pushing our Anzisha Fellows to reach their full potential. I look forward to continuing our work together and achieving even greater milestones.

Once again, thank you for your unwavering support and mentorship. We look forward to working with you again next year.

Kind Regards,

Thank you for being a source of inspiration and for pushing their full potential. I look forward to continuing our work together and achieving even greater milestones.

Once again, thank you for your unwavering support and mentorship. We look forward to working with you again next year.

Kind Regards,

Natalie Moyo
